EDUCATION

12/2018 – 09/2020 Brampton, Canada	**Computer Programming Diploma,** Sheridan College The program specializes in program development strategies(using object oriented modelling), database design and database administration).

CERTIFICATES

Udemy
Web development bootcamp

FreeCodeCamp.org
Back End Development and API's

PROJECTS

08/2023 – 09/2023	**To-do List App,** MongoDB, Express, React, NodeJS

- Implemented a RESTful API using Node.js and Express.js to handle CRUD operations for tasks, ensuring efficient data management.
- Designed and developed a user-friendly front-end interface using React.js, featuring task creation, editing, deletion, and dynamic updates without page refresh.
- Employed MongoDB for data storage and retrieval, optimizing the application for scalability and performance.
- Implemented error handling, validation, and data sanitization to improve the robustness and reliability of the application.

08/2023 – 08/2023	**Tesla Clone,** React ⧉

- Successfully recreated the Tesla website's user interface and interactions, demonstrating strong front-end development skills.
- Utilized modern CSS techniques, such as Flexbox and CSS Grid, to ensure a responsive and visually appealing design across devices and screen sizes.
- Employed React Router for smooth navigation and a single-page application (SPA) experience.
- Conducted rigorous testing and debugging to ensure cross-browser compatibility and optimal performance.

07/2023 – 07/2023   **Sneaker Website,** Html, CSS, JQuery, JavaScript ⧉
- Crafted a pixel-perfect and mobile-responsive design using HTML5 and CSS3, ensuring a seamless user experience across devices and screen sizes.
- Employed modern CSS techniques, including Flexbox and CSS Grid, for efficient layout and styling.
- Enhanced user interactivity with JavaScript for features like image sliders, hover effects, and smooth scroll animations.

PROFESSIONAL EXPERIENCE

12/2021 – 05/2023   **Pizza Hut,** Assistant Manager
Nipawin, Canada
- Assisted the General Manager in managing all aspects of the restaurant, including staff training and development, food quality and sanitation.
- Assisted in developing and implementing marketing strategies to increase sales and profitability.
- Handled customer complaints and inquiries in a professional manner.
- Monitored and evaluated employee performance, providing feedback and coaching when necessary.

03/2021 – 12/2021   **Subway,** Pizza Hut
Nipawin, Canada
- Managed a team staff of approximately 4 to 12. Assign, oversees and evaluates work. Recommends promotion, transfer, or termination of employees. May conduct written and verbal staff evaluations.
- Performed paperwork duties and assisted with product orders and inventory as needed.
- Assisted with planning of special events and promotions.

09/2019 – 02/2021   **Esso,** Customer Service Representative
Mississauga, Canada
- Calculated total payments received at end of shift and reconcile with total sales.
- Verified the age of customers when selling lottery tickets or tobacco products.
- Stocked and cleaned shelves and display areas.
- Made sure customer expectations are communicated with absolute clarity and provide information to customers.
